CARLOS MARTÍNEZ
FRONT END DEVELOPER

PROFILE

My goal is to create cool looking websites and interfaces.

With a trajectory of a few years from when I started with **HTML**/**CSS**/**JavaScript** to working with **WordPress** and currently specializing more with technologies such as **React.js**/**Next.js**/**Tailwind CSS**.

I am very orderly in terms of the code and design of the web that I am making, applying good practices and patterns, you can see my **GitHub** and you will know it.
